

Dear Colleagues,

On **Monday, February 16, 2009**, Indiana University Hospital nursing staff will begin using **Clinview** to enter nursing documentation online except for the following areas: OB ICU, Newborn Nursery, 2S, as well as Ancillary areas including Interventional Radiology.

#### What is Clinview?

- **Clinview** is the Clarian-customized application, which will be used by nursing for most of their documentation.
- It will replace the 12-page paper flowsheet, which includes nursing documentation of vitals, I&O and assessments.

#### When will it be implemented at Indiana University Hospital?

- **2/16/09 GO LIVE:** ICU and PCU
- Med/Surg, Perioperative and Inpatient Dialysis are already LIVE

#### What is the impact to me?

- **You will still need to look both in Cerner/Clinview and on paper for nursing documentation.**
- Nursing documentation such as vital signs and I&O will display in PowerNotes.
- The following documentation will NOT be found in Clinview or PowerChart, but can be found on **paper forms**:
  - ✓ Restraints initiation, monitoring, discontinuation
  - ✓ Care plans
  - ✓ CRRT Documentation (Nx Stage and PRISMA)
  - ✓ Teaching Records
  - ✓ Ventricular Assist Devices (MH)
  - ✓ Balloon Pumps (MH)
  - ✓ Admission Skin Assessment
  - ✓ Conscious Sedation
  - ✓ Xigris Infusion
  - ✓ Chemotherapy Admin Record
- **“Critical Lab or Critical Test Results” can now be viewed on the Result tab in Cerner or in Clinview under Significant Events. This has resulted in the elimination of the sticker in the paper chart.**

#### How do I get training?

- **Web-based training:** materials available via the **Physician Education Website** on the Clarian PULSE page. Click on the caduceus symbol and go to the news article named **“Clinview - Physician Online Training”** or click on link below:  
[http://www.clarian.com/informatics/active/physician\\_education/clinview\\_redirect.htm](http://www.clarian.com/informatics/active/physician_education/clinview_redirect.htm)  
If prompted for a key, type in: **chpmd**
  - On the right hand side click **“Clinview Online Training”**
- **Pocket Guides:** will be available for you on the nursing units and from rounders wearing blue vests.
- **Support Staff:**
  - Rounders will be available on the nursing units and can be identified by wearing blue vests.
- **Physician Education:**
  - Call the Physician Education at 962-2222 or email [docs@clarian.org](mailto:docs@clarian.org)
  - Contact Susan Shanks, Physician Liaison, at 274-8947 or [sshanks@clarian.org](mailto:sshanks@clarian.org)

#### Additional questions or need help?

- For **Clinview assistance**, call **962-2828** and select **#4** from Monday, February 16 @ 7am - Sunday, March 1 @ 7am.  
For password resets, call the **Clarian Service Desk** at **962-2828**.

#### Key Points

- ✓ **Beginning Monday, January 26, you must look at both the patient’s paper chart and in Cerner for nursing documentation.**
- ✓ Do Not Remove WOWs from the Nursing Units
- ✓ Do Not leave WOWs unplugged after use
